Noted that the White House phones had been installed in the homes of the members of USIB and asked whether the Director had committed the Agency to pay for the installation of these phones and the \$14 monthly rental thereon. The Director said he had not and assumed that the individual members of USIB would bear these expenses. He commented, however, if there were any particular hassle over this matter, we would go ahead and pay for the installations and rental charges.

President and the Agency did not generate it in any form, shape, or
